Subject: RE: Full SFIREG Mtg: Neonic Treated Seed Issues

Good afternoon all,

Just an FYI for today's Neonic Treated Seed Issues session at the SFIREG meeting. In the case that the SFIREG moderators are running behind time for this session – meaning they might go straight to Linda for the info., I did pass on the following info. below to AAPCO/SFIREG leaders last week.

- Have learned that of the petitions in OCSPP, Linda's branch has the petition that is most relevant to the treated seeds issue. The petition in Linda Arrington's branch deals with how EPA views treated seeds, the treated article exemption, and whether it's been dealt with correctly. There are additional petitions in house that are tied to the neonics and the Federal Food, Drug, and Cosmetic Act, also a petition that request cancellation of clothianidin; however, these two do not include treated seed components in the petitions (and are instead focused on neonics).
- In addition to Linda, Justin Housenger from OPP's Environmental Fate and Effects Division will provide some info. on the ecological risk side of seed treatment assessment.

Thanks to all and (virtually) see you soon,

Sandra O'Neill

AAPCO/SFIREG Project Officer and EPA Region and State Liaison
Environmental Protection Agency
Office of Chemical Safety and Pollution Prevention
Office of Program Support
Mission Support Division
Intergovernmental & Community Relations Branch

Greetings Linda and all,

This is to hold the *Neonicotinoid Treated Seed Issues* session on your calendar at the Full SFIREG Meeting. This session out is slated for 3:25 – 3:50 PM, and I've placed this hold for 3:00 PM in case you're available and the meeting is running ahead.

3:25 pm

Neonicotinoid Treated Seed Issues

- *State Lead Agencies will discuss Issues with Neonicotinoid Treated Seeds, Topics that have been come up, status of treated seed management and regulation. [SFIREG Representatives, Linda Arrington, EPA/OPP/PRD]*

Thanks,

Sandra
